

# How to display “visa issuance notice”

Passengers holding “Visa Issuance Notice (PDF) with two-dimensional barcode” can display “visa issuance notice” on their device by scanning the two-dimensional barcode and entering passport number and date of birth.

① Scan the two-dimensional barcode on the “Visa Issuance Notice (pdf)”.

② Please enter your Passport number and date of Birth then click “Display”.

③ Display “visa issuance notice” on your device. Make sure timer is running at the top right of the screen.
